BROAD DAYLIGHT

```
          A
I'm gonna dance and shout
       E
In the broad daylight
                      A
Praise the Lord with all of my might
          A
I'm gonna dance and shout
       E
In the broad daylight
                      A         G D
Praise the Lord with all of my might
```

```
A                 E
I never knew that I could taste
D                   A
Love like honey and full of grace
                       E
But, Lord You heard my lonely cry
    D
And I'm gonna love You
               E
'Til the day I die
```

I was chained by sin and death
The jailers threw away the key
But Jesus conquered sin and death
Defeating evil openly
