INTRO: A D A D A D A

I love to worship You,

Your power is awesome

I love the things you do

When we call on Your name

Your mercy is everlasting

And Your salvation is complete

And we rejoice in Your goodness

We rejoice in Your pow'r

CHORUS:

And everlasting love, everlasting love

Everlasting love, everlasting love

I love the things You say
Your words they move me
They make me want to praise You
And lift up my hands
Your love is sweeter than honey

And Your presence sets me free
